TELEGRAPHIC RELIEF.

Mr. Clowry! goneral manager of the Western Union Telegraph Gompany, in formed a committee of the board of trade, who called upon him yesterday, that nine parties are now in the field between Wallula Junotion and Helona, and that within a month or six weeks Portland will be connected by three wires directly with the cast. One of these, worked by the dupler system; will be devoted entirely to through business, relieving the pressure between the latter city and Portland. Arrangements will be made so that, in the event of trouble on the line between Bay Francisco and Poytland, egenlar husiness can go round by way of Helena and Ogden. Branch offices will be established at East Portland and Albina, and the local mussenger service will be improved.

HOW THEY WEEK SWINDLED. Many were surprised on learning of the large amounts lot by the people of Yambill on the foot-race between Rittleman san Eartin. It seemed strange that soler, shrewd farmers about her transfer indicate a page of the conseemed strange that sober, shrewd farmers should bet so heavily against a man of whom they could know but titlle. It has new leaked out that they were bidly swindled. They were led to believe that Kittherian had been fixed. led to believe that Kittleman had been "first" and was to throw off and tet Martin who. Those who were let live, this scores, thought they were betting ou's dead are thing which it equivalent to saying that they thought they were going to awindle those with whom they may be the first who will be martin Ritheman above the fireful of Margia, where desibly dipped by the consummate storander. The whole affair was a deep laid, organizing planned and unconstitute our storage of Kamhill. It is said that this is not the first

scheme of the kind that Kittleman or whatever his name may be has been engaged in. He is reperted to have done the one worst in New Mexico is the same interest and to have award his scale by committing in goodcalment for some title. The profit in importation is easily seen and it will doubtcontinue throughout the winter. The endows of this state ased to be unequalled, but in the popular craze for wheat growing they were plowed up and sown with grain, and the hay production of the country, instead of growing in proportion to the growing demand, is in fact not now 50 per cent, of what it was 10 years ago. A lewfarm ent of Washington county saw their miatake thi year and out their fields of wheat for hay, seling the product for an average of \$60 per sor. In this locality many fields heretofore devo ed to wheat are being seeded with timothy and we may expect a much larger has product next year than for several ductive industry.

But hay is not the only item of feed brought from California. During the past few months hundreds of tone of barley and oats have been brought up. Most of the barley used here is imported and also a large proportion of the cats. It is simply outrageous. The country has been highly prosperous during the past two years, but its prosperity has not been of h right sort Great sums have been disbursed in railroad building and n other great enterprises, but instead of being retained in the country. nearly every dollar has been sent to California parents think that children must be doing good quantity o feel ourselves is wheat flour. Comparative Wool bales.

PHILIDELETTS, Oct. 27.— [Syscial.]—The Press says: Wool sales in this city and at Boston has continued for nearly six weeks, or since the opening of the fall season, to be tou per cent, in advance of those of one year ago. Down to July 1, wool sales for this year and last were almost exactly equal. There was a heavy increase in 1881 over 1881, and up to the begin. ning of March, when the revised teriff was adopted the increase having been lost in the enough four months.
